

# Privatize our parks ... **Why risk it?**

## *Saskatchewan's provincial parks ...*

- safeguard the natural beauty of our province
- are owned and operated by the people of Saskatchewan
- belong to us, and to our children and our children's children

***Let's keep it that way!***

## **Preserve our public parks**

Turning park facilities over to private, commercial interests threatens the future of our parks system.

The government is selling off 23 rental cabins at Greenwater Lake Provincial Park.

## **What's next?**

**If you are concerned about the future of our parks, contact your MLA or:**

Minister of Tourism,  
Parks, Culture and Sport  
Hon. Dustin Duncan

(306) 787-0354
